Summary outline and explanation of additional certifications.

WELL Building Standard

The WELL Building Standard is the first standard to integrate human health and wellness into the design, construction, maintenance and operations of buildings.

SmartWay Certified

KI recently acquired a new fleet of SmartWay Certified trucks, resulting in less fuel usage, decreased exhaust output, and economic savings. In addition, we utilize other SmartWay certified trucking companies when needed.

Greenhealth Approved

The Greenhealth Approved seal was developed to make identification of sustainable products easier for healthcare product purchasers. Products that carry the seal have been through a review process and have been found to meet the criteria established by Health Care Without Harm and Practice Greenhealth for sustainability.

CARB Phase II/TSCA Title VI Compliant

Toxic Substances Control Act (TSCA) is a chemical safety act through the U.S. Environmental Protection Agency (EPA). The California Air Resources Board, also known as CARB or ARB, is a part of the California Environmental Protection Agency (CalEPA). TSCA Title VI and CARB Phase 2 Compliant means the product meets the formaldehyde emission limits of .05 ppm or less.

Other Attributes

End-of-Life Recycling & Reuse: KI selects materials that can be recycled at the end of a product’s use and designs its products so that it can be easily disassembled and separated for local recycling facilities. *Disassembly Instructions* can be found online or by request.
